information ... - Kidney
disease, in the form of
Chronic Renal Failure
(CRF), also called Chronic
Kidney Disease (CKD), is a
common problem in older
cats. I have seen natural
kidney failure in cats as
young as 4 years, but it
occurs far more frequently
in much older cats. Kidney
Disease in Cats | Little Big
Cat - What is diabetes?
Diabetes is a chronic,
metabolic disease
characterized by elevated
levels of blood glucose (or
blood sugar), which leads
over time to serious damage
to the heart, blood vessels,
eyes, kidneys, and nerves.
